26 January 2021, Hong Kong SAR, China – With our devoted commitment as a socially responsible organisation, Marco Polo Hongkong Hotel has proudly retained its EarthCheck Silver Certification for 2020. This is our third year to be recognised by EarthCheck, the world's leading scientific benchmark for travel and tourism.

The award identifies Marco Polo Hongkong Hotel as a leader among sustainable tourism operators (Accommodation – Business Hotel), all certified to international EarthCheck Company Standards. The average greenhouse gas emissions per-guest night in 2019 performed better than other competitors, while potable water consumption has reduced by 12% when compared to last year, placing the hotel's performance above average.

Mr Dalip Singh, General Manager of Marco Polo Hotels – Hong Kong said, "2020 was a challenging year, yet the difficulties did not refrain us from continuously operating our hotel with a social and environmentally responsible approach. Last year, the Hotel Associates initiated new projects dedicated to protect the environment including trekking location cleanups and soap bar recycling. The hotel has also changed all bathroom amenities on standard floors to eco-friendly products from Italy. We're on target to enhance our global sustainable development goals, maintaining us as corporate citizens in the community and environment."
